EXCERPT FROM AD/O DIARY FOR TUESDAY, 4 May 1954:

Mr. Sidney Buford of State Department telephoned to say that Peter Marshall, British Embassy, had come to Swinn of State to request that FBIS Tokyo's coverage be forwarded to the British Foreign Office. I told Mr. Buford that this could very easily be arranged by having the Foreign Office call General Jacobs of BBC, or in his absence, Mr. J. B. Clark, BBC, and ask that a channel be set up in London to the Foreign Office on this material.
